

Nick Bauccho, Bedford Heights Public Works Director - (440) 786-3272

Overview

The City of Bedford Heights has a long and proud heritage in the extension of public service initiatives w

The Public Works/Service Division hosts its headquarters at 25401 Solon Road in Bedford Heights. Und

- Free leaf removal
- Free mulch
- Landscaping municipal grounds features such as flags, planters, flower baskets
- Overseeing recycling initiatives
- Snow plowing
- Street maintenance
- Table and chair loan
- Truck loan initiative

To most efficiently serve the community in this extensive outreach many of the above initiatives are seasonal.

Curbside Recycling

The City sponsors a curbside recycling program that is administered through our Department of Public Safety.

In determining what plastic items are included in the city recycling policy look for imprinted logos designed for recycling.

Plastics are identified by numbers one through seven.

UNACCEPTABLE – Caps on containers, any other plastic products, includes plastic shopping bags, other

Note that items such as Styrofoam packing materials, motor oil containers and glossy general mail are not accepted.

Every household in the City was issued an 18 gallon green recycle bin. All of the recyclables are to be placed in this bin.

From time to time the city hosts mass collection of recycling items such as phone books at the Community Center.

Trash Disposal

The current contract for trash pickup in Bedford Heights has allowed the city to continue this program for the foreseeable future.

Garbage is to be neatly and completely bagged and whenever possible placed in cans curbside so as to not obstruct traffic.

Items placed curbside for pickup are not to be put out earlier than 6:00 p.m. on the evening immediately preceding pickup.

Private contractors are required to remove construction debris at their own expense. They cannot leave

If residents have a large item to dispose of such as furniture, appliances, etc., contact the Department of

Failure to follow this policy especially, but not limited to, premature placement of garbage curbside can lead
